

7. Project Documentation

A Comprehensive Measure of Well-Being using Machine Learning

Software Used

- * Python
- * Flask
- * Pandas
- * NumPy
- * Matplotlib
- * Seaborn
- * Scikit-learn
- * Pickle

Installation Steps

1. Clone the repository.
2. Open the project in Visual Studio Code.
3. Install dependencies.

```
pip install -r requirements.txt
```

4. Run the application.

```
python app.py
```

5. Open the browser.

```
http://127.0.0.1:5000/
```

User Guide

Step 1

Open the application.

Step 2

Enter:

- * Life Expectancy

* Mean Years of Schooling

* Gross National Income

Step 3

Click Predict HDI.

Step 4

View the predicted Human Development Index.
